*Rock-n-Roll High School*

CP-

I really appreciate all that you have done for me this year and the years in the past. you helped me "open up" (a little) you encouraged my spiritual walk, and you made me realize that there is alot more to life than holding problems in and making myself turn into a blimp of frustration! Feel free to call me and tell me what's up! Have Andy call also! ☺

# SHAKE AND QUAKE

## SHAKE & QUAKE... ROCK & ROLL

Rumbling through it all  
we came out standing tall  
the exceleent class of "88"  
All will surely appreciate.

Through the "87-88" school year we have  
proved that the class of "88" can conquer  
any task. In October 1987 the Quake shook  
us all but we stuck together and in June  
1988 we came out tall and proud!!

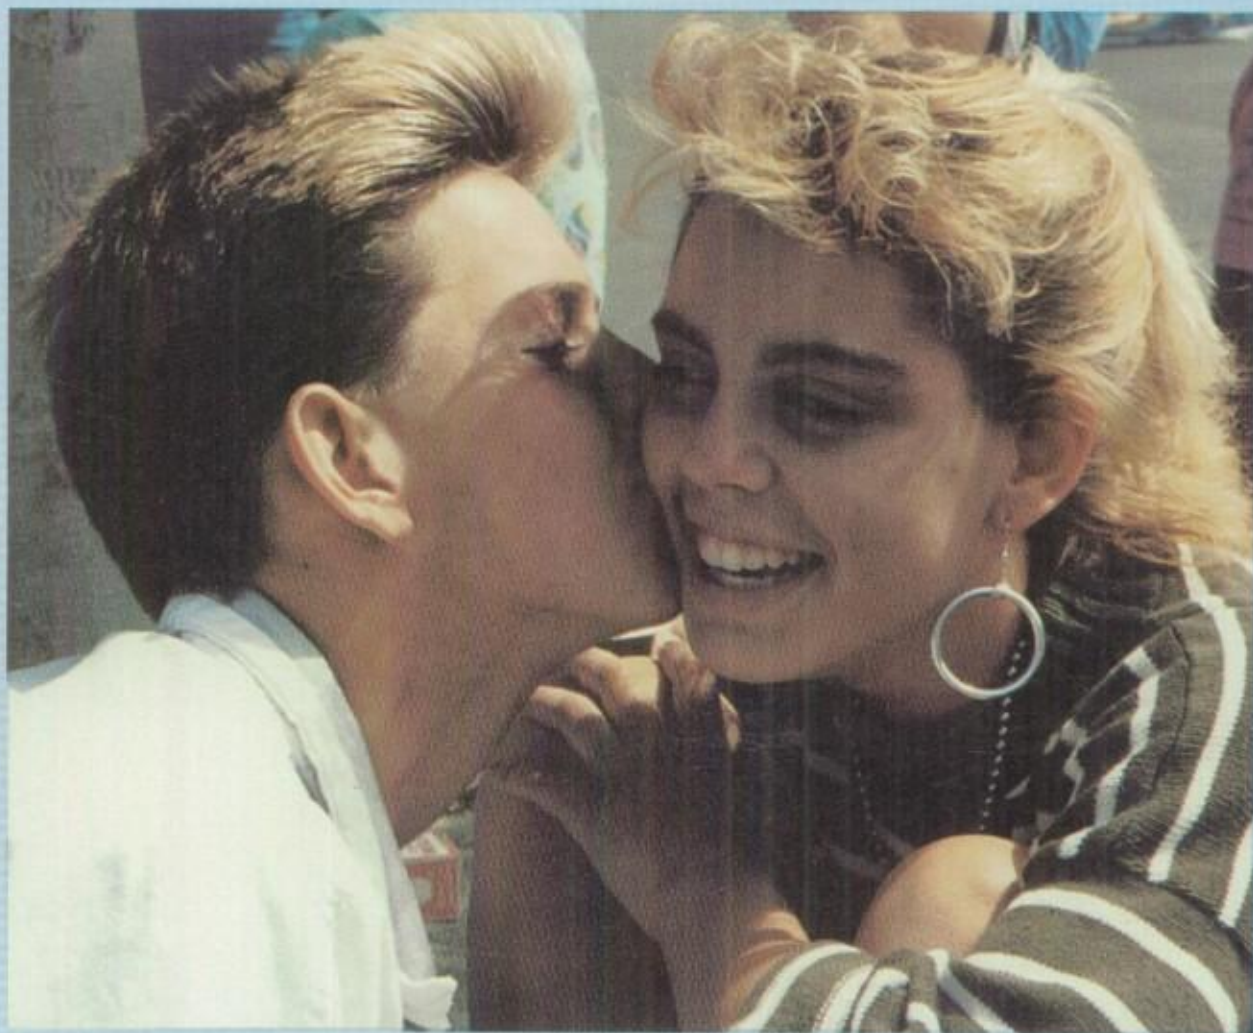

Top Left-Karen says "safety first!"  
Mid Left-come on guys stay calm!  
Bot. Left-No task unconquerable!

## ROCK & ROLL

# WOULD YOU

When the night has come  
and the land is dark  
and the moon is the only light we'll see  
when the sky that  
we look upon should tumble and fall  
and the mountains should crumble to the sea  
no I won't be afraid  
just as long as you stand  
stand by me . . .

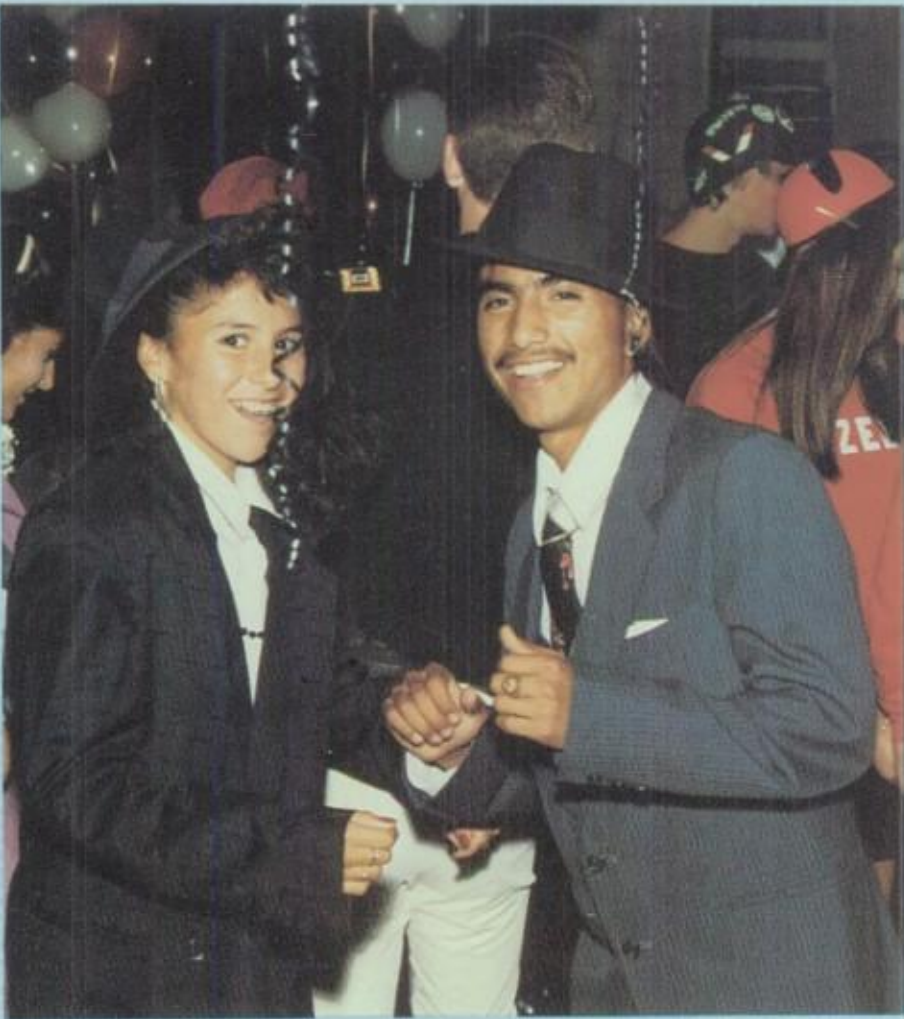

# STAND BY ME?

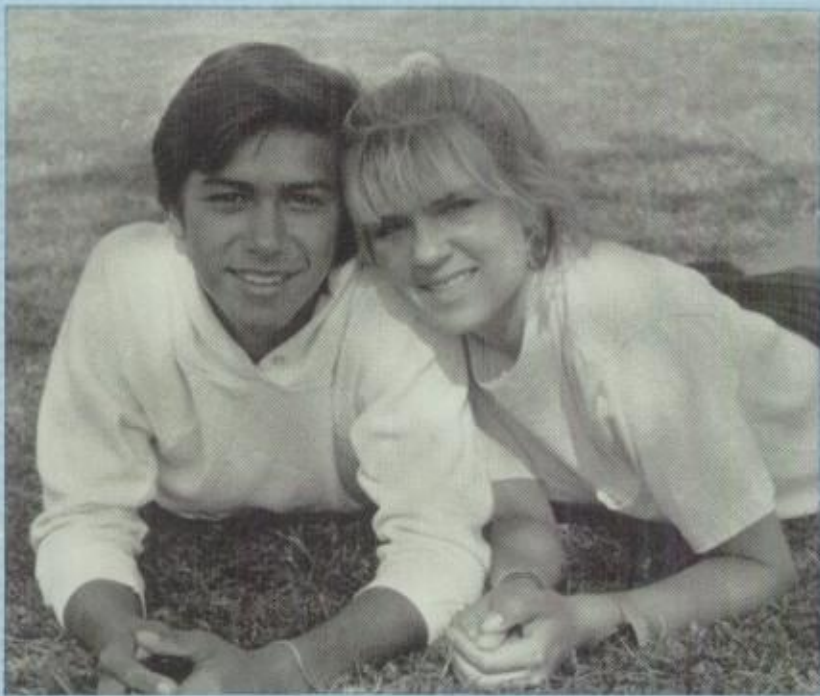

Friends are people who always care,  
The kind of people who will be there.  
In greatest moments and bad times too,ol A friend is  
someone who's just like you.  
To share the times of triumph gold,  
Kept in your heart from young to old.  
With precious thoughts of good times past,  
Friends make your moments always last.

# EVERYBODY COME

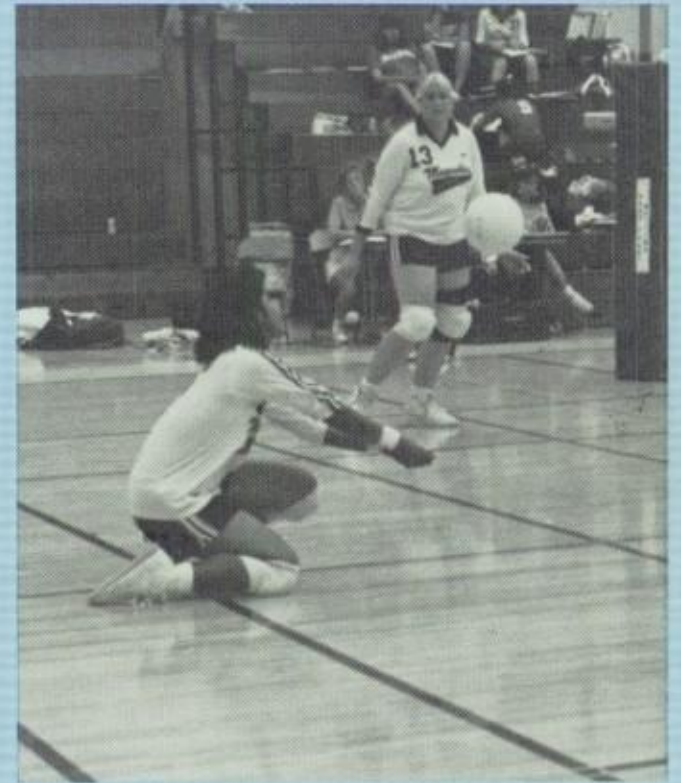

"Everybody, come on dance and sing, everybody do your thing!" These are just a couple of lines from Madonna's song "Everybody" from her first album "Madonna", and that's what everybody this year was doing. This year was one of the best, with great assemblies and a lot of laughs. Magnolia's athletic team did a great job upholding the Black and Gold this year. Magnolia Sentinel band members will not go unforgotten either. The band members in the assemblies were exciting and made us feel like getting rowdy! The 1987-88 school year ushered in many new faces and many changes. One major change is our schools new principal, Jean Mangan. Another was the change in our Homecoming format, which was done in a Halloween party fashion. There were so many ironic and humorous things that have happened in our assemblies this year who could mention them all. But I can remember one assembly when a few funny things happened. The time the Freshman class won the tug-o-war contest, beating everyone including the faculty. I also remember that scary moment when one of the girls on J.V. Cheer almost fell on her head during a stunt, but luckily she had good spotters to catch her! This year has been a time for everybody to dance and sing and I'm sure that all of it will always remain very clear in our minds wether we are Freshmen, Sophomores, Juniors, or Seniors, for these times may very well be the last time we have where we will be young enough yet old enough at the same time to get up and do our thing, only as Madonna could passionately put it!

# ON DANCE AND SING

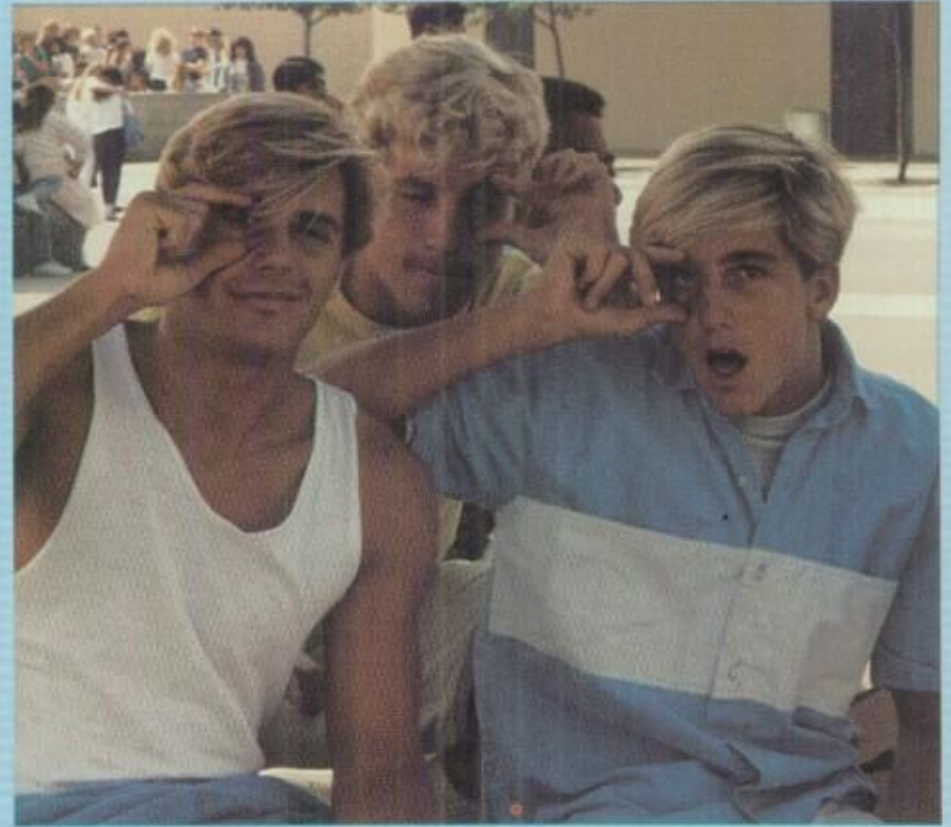

Top Left  
MHS Band puts on another great performance.

Top Right  
"Hail Magnolia"  
Middle Left  
Fish out of water.  
Middle Right  
"Look mom, one knee."  
Bottom Left  
"Watch your step."

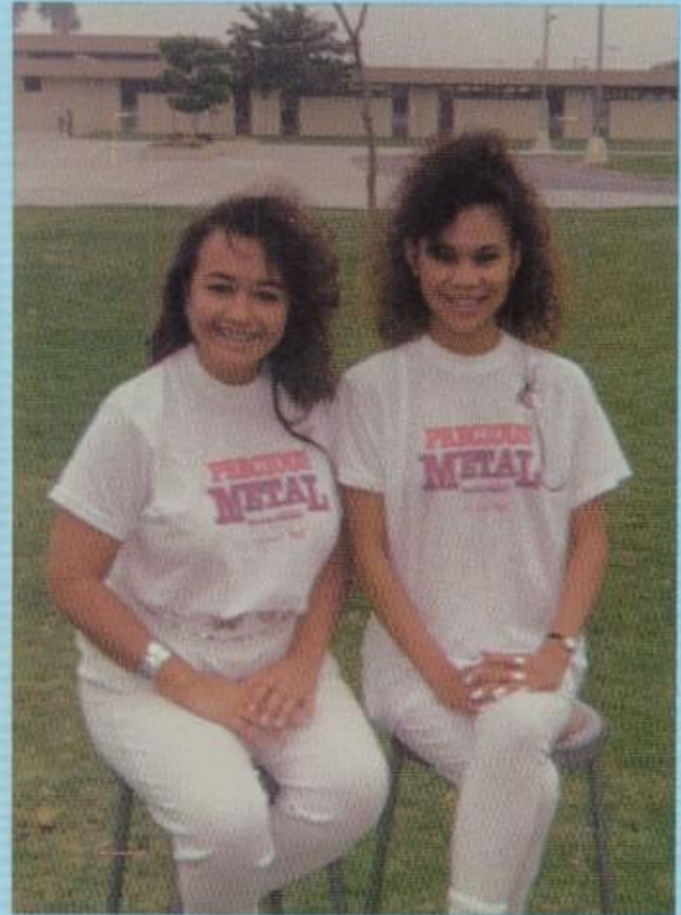

# SENIOR CLASS

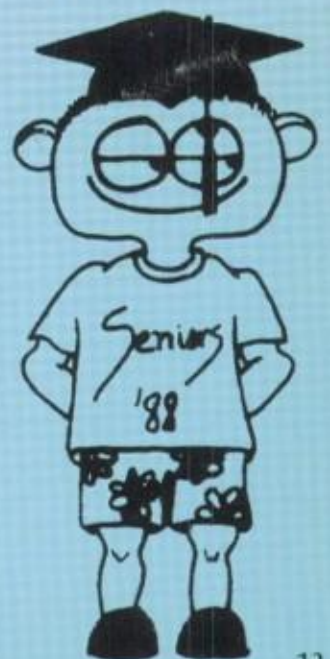

# MEMORIES

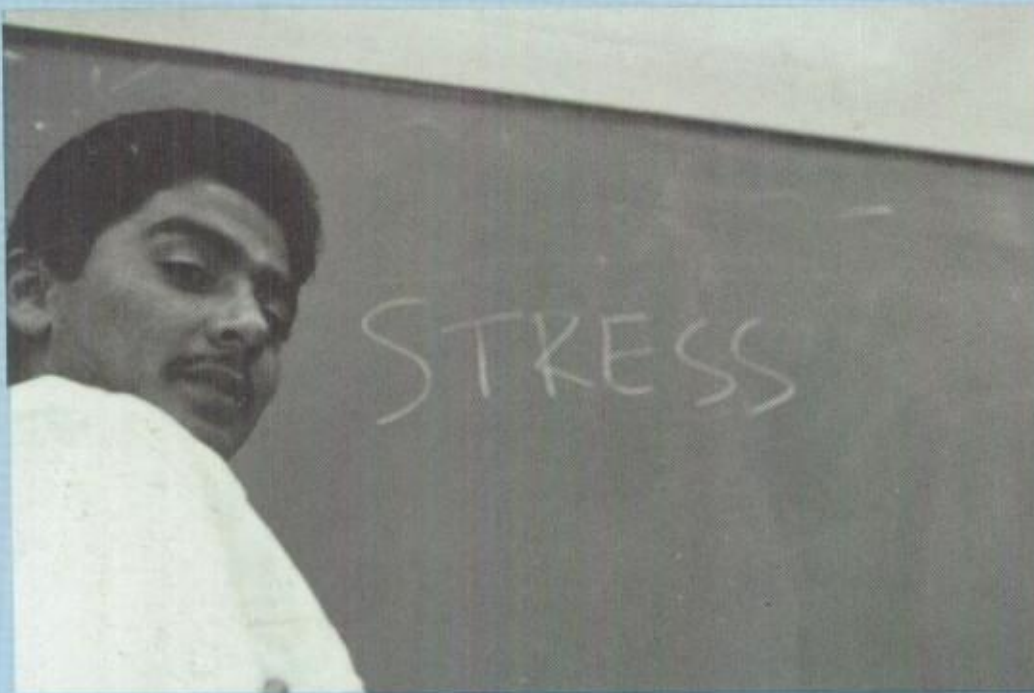

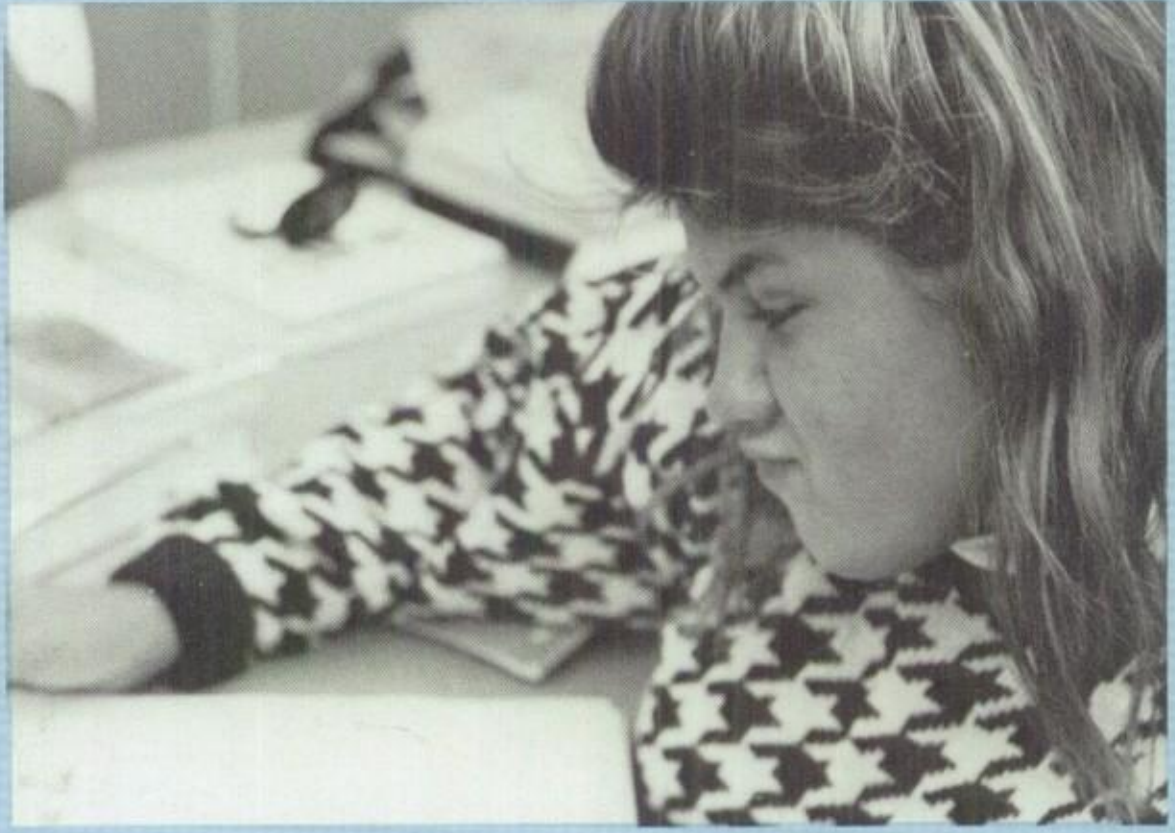

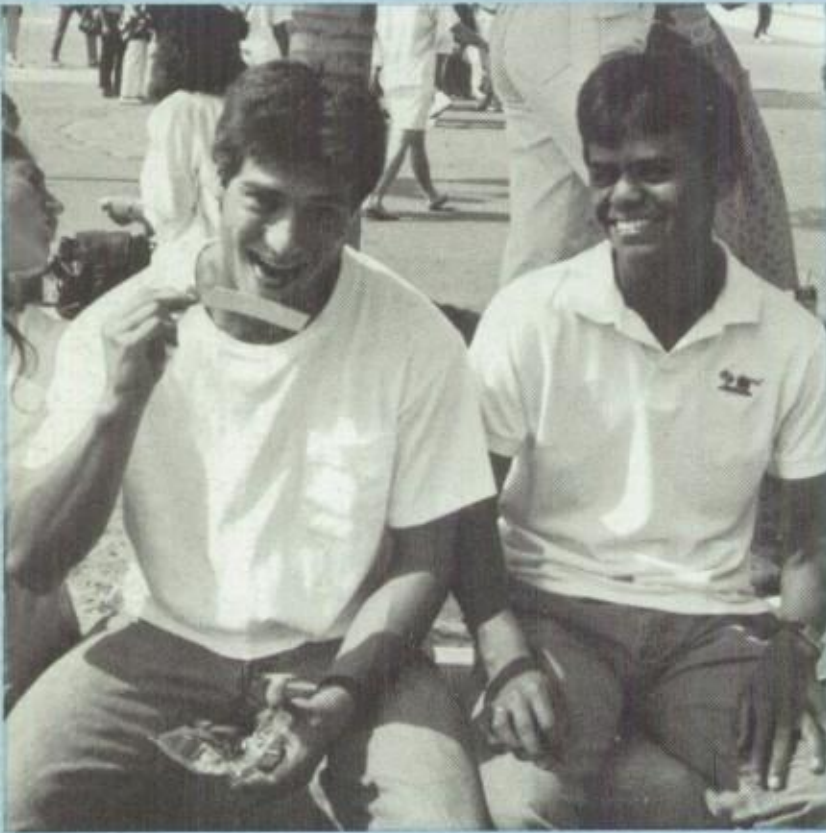

What seemed it would take an eternity took only a short while. The first day of our freshmen year is but a memory now just the same as our last day of our senior year. During those four years we shared many lasting and unforgettable memories. The friendships and special bonds that were made will never be forgotten and will always be held dear. Those unreplaceable moments that were so unbelievable not even you yourself could believe can't and will never be taken away, they will always be hidden someplace in our hearts. As we remember all the fun times we had, we realize that those four years spent at Magnolia High can never be replaced by any other class than the CLASS OF "88".

# SENIOR SONG

## "BORN TO BE WILD"

Get your motor running  
Head out on the highway  
Looking for adventure  
And what ever comes our way  
Yeah darling, gonna make it happen  
Take the world in a loving brace  
By now you're going to watch and  
Explode into space

I like smokin' lighting  
Heavy metal thunder  
Racing with the wind  
And the feeling that I'm under

Yeah darling, gonna make it happen  
Take the world in a loving brace  
By now you're going to watch and  
Explode into space

It's true, nature child  
We were born, born to be wild  
We can climb so high  
We'll never want to die

BORN TO BE WILD...  
BORN TO BE WILD...

C.P.  
Hey sweet Q? Well thank to Kacey I sort of got to know you towards the end of the year. Although I never got the chance to be in your class I do know that you are a very special guy. You take the time to show that you do care about us and believe it or not it does mean a lot if you a big hearted caring person and it makes me feel better just knowing that you there if I or anyone else should ever need you?

Well my sunshine what can I say I made it  
through 41 yrs. I have to say that I'm really glad  
that I got to know you. Your a sweetheart and  
you are my Ideal man. I hope to find a man  
just like you in the future. You always brighten  
some one's day no matter how sad they are. Your  
a bundle of joy that anyone will hug! I'll  
never forget the 5 H's, it's the most joyful thing  
! anyone could think of. Thank you for giving me  
strength to me to go on. You always give that  
certain positive attitude to everyone. Well, what  
more can I say, your a all around great  
Sexy, good looking guy. Take care

Ceramic Class can be really fun. Nooshan Shekarabi shows us her skill by making this pot. A pot like this can take up to one week to make.

While studying Japanese History in Mr. Nix's World Culture class, Chrisina Bertwell takes a bite of sushi. Michele Gabreilian on the other hand, isn't sure if she wants to try it.

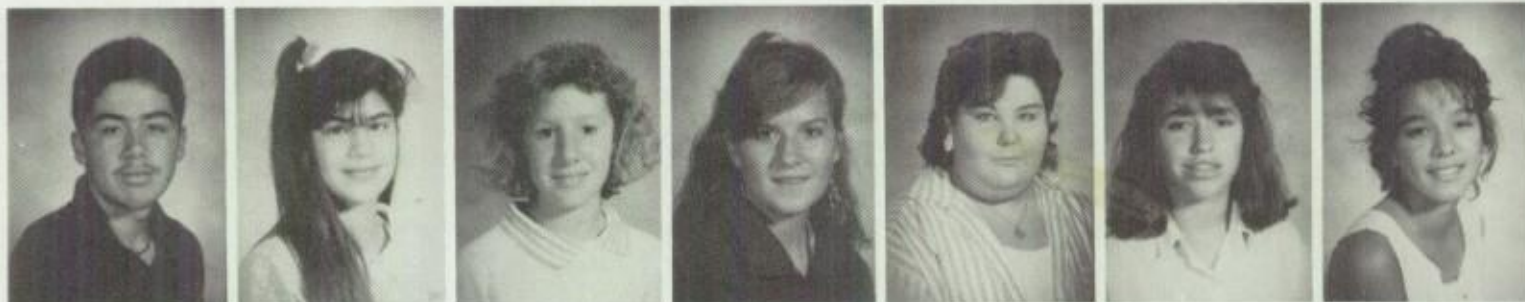

As a freshman, classes are new and exciting. A lot of concentration and work is needed in this English class, but Walter Cummings takes time out to pose for us.

The Clean Campus Club was designed to prevent students from littering on campus. Jesse Caron spent three days with the "CCC". After that he never littered again!

## SAMMY GABAL

To all Sentinels,

I can not predict how the '87-'88 school year will turn out, but I hope that by the time you read this, we can all look back and cherish the memories. My four years as a Sentinel have been my best. I can only hope that all Sentinels feel the same way.

Having been involved in A.S.B. for four years, I've worked with many people and learned what people are interested in. The main goal of the A.S.B. Cabinet this year, is to build school spirit and a sense of pride and brotherhood. Our school undoubtedly has had its share of problems, but I feel that, looking back at the years, the fun times outshine them all.

As we near graduation, we begin to regret the chances that so many of us have passed by. I hear new members of the cabinet remark that they wish they would have tried for a position earlier. Students involved with lunchtime activities usually have a great time and can not understand why so many others go on without attending any school events. The sad truth is that school does not interest a large number of students. I hope that years after graduation, every Sentinel will have some memories from Magnolia to be proud of. I have pledged myself to open opportunities to any Sentinel interested.

Looking at the under classmen, I know that Magnolia has many exciting years ahead. The classes of '89, '90, and '91, will have a great future. The senior class of '88, is full of high achievers and the world may not be ready for us. I am looking forward to coming to a class reunion to see how the Sentinels have grown and matured and done things not possible in high school. By then, most of us will have realized that life is only as good as you make it.

I would like to thank Mr. Embree, Mrs. Merrell, Mr. Salazar, Mrs. Mangan and Mr. Keys for all the doors they opened to the A.S.B. Cabinet. I would also like to thank the Sentinels for electing me President and more importantly for making Magnolia what it is. I mean to stress that anyone can make their own life special, and if all the Sentinels vow to make the big "M" great, it will be Best Wishes to all in the future and always keep Magnolia dear in your hearts.

Sammy Gabal

# ASB VICE-PRESIDENT

## WENDY SHANHOLTZER

The class of '88 is one to be remembered. Spirit, Pride, and Dedication were shown in the highest quality. This years new Sentinels along with the old, helped to build a sense of togetherness, that will hopefully continue on to the following years.

The memories that are built here at Magnolia are to be cherished by everyone; Because without memories life just isn't enjoyed!

Both our athletic and academic teams helped to put Magnolia High School back on the map as a great school. The students who contributed to these teams deserve a big thanks.

The classes of the future have alot to look forward to. They themselves can build special times that will soon become special memories.

I would like to leave Magnolia's class of '88 with a "good-luck". I hope to see you all at the reunion! To the classes to come, I would like to say; "Get involved and show your spirit, because High School comes only once in a lifetime"!

# BLOOD DRIVE

In December, the Red Cross truck arrived. Cots were spread through the gym and nurses prepared themselves for the many students that were about to donate blood. The day went well and we ended with more than 63 pints of blood.

1. No sweat- aye Jimmy?
2. Now that didn't hurt did it Christina?
3. John shows off the veins that will be drained.
4. Bud and Sam calmly convince Tom to register.
5. Mike will do anything to get out of class.
6. Well what can we say? We tried.

The Sentinel student body brightened the holiday season for needy families of our community. The student body, faculty, and A.S.B., worked hard to collect cans. Our school raised over 2,000 cans of food in our annual canned food drive with Mr. Mangan's class raising 580 cans leading the drive. Also, the A.S.B. raised over \$200 in the annual money drive.

1. Yoli Pacheco thinks the canned food drive is "Chile Hot".
2. Alpha MHS.

This year, Magnolia remained one of the best in all California bringing this year's marching band to a new form of excellence. With the field show music of Leonard Bernstein and George Gershwin, and the parade march "The Beau Ideal" by John Philip Sousa, the band again became a very tough competitor throughout the year. The year of 87-88 also saw one of the smallest bands Magnolia has ever produced compering with bands four times its size. Beginning with band camp in August, and rising up to the performance level of T.F.C., the 108 piece band did Magnolia High School proud once more performing for over thousands of people and caring on the perfection so associated with the name "The Miracle Band."

# THE MONSTER MASH!!

If you were looking for a different time this Halloween, Magnolia's "MONSTER MASH", Homecoming dance was the place to be. The dance was filled with an assortment of trick-or-treaters who just wanted to have a good time. Costumes filled the room, from "Cleopatra" to the notorious "Noid" you see on television. All in all it was a great time!

# WINTER FORMAL

Once upon a time there lived a handsome King, named Shane. King Shane was very lonely and decided to throw a huge ball, in order to find a Queen. King Shane danced the night away at his ball, but he still hadn't found a beautiful Queen.

Little did King Shane know there was a beautiful girl named Princess Angela on her way to the ball. Then tragedy struck and Princess Angela got lost and couldn't find her way to the castle for the ball. Just as the ball was about to end in walked Princess Angela. The King decided she must be the Queen, so he asked the Princess if she would accept his invitation, and that night Angela became Queen and they were the King and Queen of the Winter Wonderland.

### LIGHTS-CAMERA-ACTION-

Mrs. Penn's Drama Class is one of the most interesting and different classes on campus. Students from all grade levels perform almost every day in individual and group pantomimes, improvizations, and scenes from plays. They interpret published authors works and write their own scenes. They learn where to stand, how to project, and how to develop characters. But most of all, Drama students learn to feel comfortable in front of an audience. Also, they learn how to be a good audience.

The class performs at assemblies, for International week, and whenever asked. There is an Academy Award ceremony at the end of the year and outstanding performers are recognized by their peers.

The girls Varsity Cross Country team finished off their season by taking third in the league, and qualifying for C.I.F. Prelims at the C.I.F. Meet, the girls ran very well on Mt. Sac's treacherous course. The girls team also took 1st. place at the Buena Park Invitational. This is the first time in five years that the girls had won an invitational. Our number one girl Norma Martin, made the all-league team, ranking fourth in the Orange League. Way to go Norma, and congratulations girls!!

This year's Varsity team consisted of five starting Seniors and three eager Freshmen. It was Shelly Noble's first year as head coach, as well. The Lady Sentinels were paced all year by Seniors, Dawne Borum and Rena Rossoll. Dawne helped us win while Rena kept us from losing. Although Dawne and Rena were key factors, it was all eight who contributed to a successful season. Additional team members were: Tori Bird, Tammie Penner, Lisa Williams, Yvonne La, Jessica Dungca, and Nicole Provencher. The team worked hard together in their quest to qualify for the C.I.F. play offs.

Girls,

Thanks to each of you for making my first season one I will never forget. Best of luck to the Seniors . . . you will be missed. Take care & thanks again!

# OUR PRINCIPAL

I have choices. You have choices. We choose the lives we lead. Whether or not we are conscious of our choices, we are making it every moment. We choose happiness or sadness; success or failure; excited anticipation or dread.

One of the requirements of maturity is accepting full responsibility for our actions. This is not always the easiest thing to do, but it is necessary to further our development. An unexpected benefit of accepting our responsibility is that it heightens our awareness of personal power. Our attitude about any condition, present or future, is within our power, if we take it.

Life is "doing unto us" only what we will allow. It will favor us with whatever we choose. We can search out the positive in any experience. All situations present seeds of new understanding if we are open to them. We are in control of our outlook. Our outlook decides our future.

**MAKE WISE CHOICES!!**

M. Jene Mangan.

My sincere congratulations to the class of 1988! It is always a pleasure to experience four years with a group who works together so harmoniously for the benefit of their education and pride in their school. The Magnolia staff and your parents have provided you with a valuable foundation upon which to build. YOU are now the architect of your destiny. Work hard, be honest to yourself and all others. Take pride in yourself and your accomplishments, but never forget to take time to stop and "smell the roses".

I am certain that vacation will provide all of us with a much needed and well-deserved change of pace. I wish the graduates all the best as they pursue college and careers. I look forward to the return of our undergraduates in the fall. May the Sentinel spirit be with you!

Dave Loop

Graduates of the class of 1988 will share a common bond throughout their adult lives. I hope that your memories of the time spent at Magnolia will be happy and proud ones because of your accomplishments here. As you leave your familiar high school routine and join new surroundings and friends, I wish you success. I am glad for the opportunity I had to know this class and see you grow as individuals. Your contributions to Magnolia will influence the traditions followed by the classes you leave behind, and I look forward to continuing these traditions with those students who will form the Sentinel student body next year.

Laura Moore

Senior Sents:

All of you are to be congratulated on completing this phase of your education. Think back to all the friends you had at Dale and think of how few of you are left, more than half of this years class did not start out with you. For this you should be very grateful to your parents for the stability they gave you.

Best of luck where ever and what ever you do- remember to come visit at Home Coming events, Keep the Pride and the Black and Gold alive.

Mr. Salazar

The class of 88 has been a very challenging and rewarding group to work with. You have shown the faculty that you are both idealistic and realistic — a good combination! You are leaving a record of great school spirit and academic accomplishments for future classes to emulate. I wish each of you great happiness and success in your future.

Stella Swakoski

Education is the foundation of success. Never stop learning.

# C O U N S E L O R S

My prayer for each one of you is first, that you may have a wonderful, restful, and rewarding summer. Secondly, that you may be successful and happy wherever you may be next year—always striving to do your best.

May the lords blessing be on each one of you always.

Mr. Silva

1987-88 has been an unexpected pleasure for me here at Magnolia High School. Working with you, young people of vision, is its own reward. Watching you grow, not just physically but intellectually and emotionally is exciting for us in the counseling role. Yes, there were trying times, but always those times triggered your most rapid growth. It was a joy to observe as you left your child at play and brought your adult to school. Now you know that life's best is yours. Go for it!

## Greetings Earthlings....

I am the head Spokesman for SDTC. My job is to inform intelligent life in other dimensions about are travel plans for inter-dimensional tourists. Please forgive my spelling as I have only been reading and writing for a few minutes. And now for the travel descriptions:

### Full 6-Active Period, 5-Sleeping Period Travel Pack

This is the big super saver plan for all those tourists out there with the money for it. This your will take you to all the sights of our area in the Multiverse. Your hoverbus will take you from the green areas of Caprion II to the towers of Santient Algae on Numberion V. You will fly first class on our latest Luxury Star Cruiser for the inter-planet hops. All rooms and food will be provided for and the total cost is..... 1,000,342,453 of you Earth Dollars. A real savings.

### Cheepe Travel Plan

This is where we give you a one-day seminar on such skills as begging, stealing, and hot-wiring hover-cycles and hoppers. You fly 8th class (frozen in the cargo hold) if you've "acquired" enough money, or 9th or 10-class (hanging on tight to the outside and out&out stowaway, respectively). You will be given shuttle take of times for most planets and that's it. And the price... only 10,000 of your earth dollars.

As you wee we have many types of travel plans for many types of beings. For any questions contact you local SDTC office on Alpha Centuri. The address is 1234 Bogiton Way, Aphla Centuri III. Or call 1-234-567-890-123-456-7890 ext. 432, ask for Mel.

### Visit our bit of the Multiverse soon.

Attention, do to the time dialation effects of our dimension, 10 years seems like no time to us. Do to this we send shuttles out every few decades. The one from Earth leaves on September 3, 1989. The exact time and place will be depend on the flight paths of any millitary aircraft. BE FLEXIBLE!! All money must be paid in full, sorry only gold and precious materials like gems, uranium, etc. will be accepted. Any rodent even showing us a VISA card will meet Rocko. Rocko is a being from Dolton III. Dolton II is very close to it's sum compared to other planets so Doltons have a few distinguishing characteristics, 1 he is 10 feet tall, 2 he weighs one ton, 3 he can easily carry 2 tons while running, 4 he eats large boulders for breakfast: his stomach isn't too particular, and 5 because the atmosphere is so hot Doltons have learned to teleport at will for travel. Please, don't make us introduce you.

I would like to Thank my entire family for all the support they have given me through out my years as a Seagawk, Lancer, and a Sentinel. My brothers (Jerry, Terry, Larry and Elden) helped me along the way even though Elden is only 8 he is a very special guy and supports me. My Dad and Mom are the best parents anyone can have. They support me and help me with all I need help with and I Love them for that. I would especially like to Thank my two sisters (Theresa - who is like a second Mother to me and Valerie - who is the greatest sister anyone can have) for supporting me through out my life and especially supporting me financially.

Love  
Love

For Special Friends!!!  
like me!

CP,

Well what can I say to you? You've been so great the last four years. Ever since I was a freshman, you've seen me through my good and worst times. Please remember me, k? Ever since I was a freshman, you've helped me grow so much. You were always the one to listen to me no matter if it was what problems or just silly things... Usually you were the one who cheered me and everyone else up. Thanks... Thanks... Thanks... I hope everything works out with your psycho oops psychiatric duties w/ the world. I know you will. God gave you something real special and you really have shared your goodness towards others. One day God will give you what you truly deserve and don't forget me when you become rich-n-famous. Thanks 4 everything CP.  
Well God Bless you and your family! Love,  
Simonne

C.P.,

Thank you for helping me work out  
my problems. I know I'll see you around next  
year. You're a sweetie, I love you!

Love,  
Karri  
Rizoto

C.P.,

I can't really believe the year is over!  
It was really great knowing that I could  
go to you with whatever problems I might  
have had! I'll never forget you, and I  
can't wait to take your psychology class  
when I'm a junior! Love ya lots!

See you later!

Jackie  
Broker  
5<sup>th</sup> period

C.P.,  
Thank for making  
my freshman year  
fun. You've taught me  
to know myself  
better! I hope I see  
you next year, or maybe  
even during the summer!  
See you later!

I  
Love  
Ya  
Melinda  
Sandberg

C.P.

WELL I'VE FINISHED ANOTHER YEAR WITH YOU,  
NEXT YEAR I'LL try TO SQUEEZE INTO your psychology  
CLASS, hope I CAN. BEEN lotsa FUN, NOW I HAD  
BETTER GET THE "A" WE ALL KNOW I DESERVE, OR  
ELSE I'LL SEE YOU IN THE FUTURE YEARS.

God Bless,  
Mike Peters

C.P.,

I am so glad I took typing this  
year because if I didn't then I wouldn't  
have had a chance to meet a great  
teacher like you! You always be  
my very favorite teacher and I will  
always remember you in my future  
years. I hope you have the greatest  
summer vacation you've ever had!!  
I love you!

Love,

Andrea

XOXOXO  
OXOXOX

C.P.

any guy well it's time to go but I'm sure I'll come back and see you. It's also been fun having you as my teacher for the past 2 years. I must say that this was one of my funnest classes I've had. Hope you have many more students like me that are hard working, fun, funny, loud, obnoxious, and many more things. So when you meet someone like that please remember me. I'll always remember you as being a great person and also a great teacher. Good luck at the last days of year as being teacher and the beginning of year ~~teach~~ <sup>psychiatric</sup> practice. When I need help I'll come to you. Hope you let all your dreams seem crazy and let them fulfill your life. Good luck

Don  
Shay

Dear C.P.,  
It's been great being in your class. I can't remember having such a fun teacher as you! You're great! Stay that way & I bet no one will

ever say something mean about you. I hope to see you next year!  
always,  
Lidia Sirb

P.S. Your a great teacher! Keep it up C.P.!

C.P.,

It has been wonderful having you as a typing teacher. Teachers like you are so hard to come by. You are so caring and you take so much interest in others. I really enjoy the different things we did this year. Thank you for everything! Love ya like a father,  
Shelly Brang

"C.P.," Thank for all the help and advice you gave to me. I think our talk we had made me a lot happier. I hope that you have a good future, because you are a real kind person!!

C.P.,

Hey babe! It's been a lot of fun this year in your typing class. You made typing (something that I dislike very much) fun!

You are a special person. You care more than any teacher I know - and I thank you for showing so much interest in all of us. I hope that we see each other next year - don't forget about me.

Love ya,

♡ Cindy Huthery ♡

Dear Mr. C.P. You're a neat guy. You've helped so many kids through hardship. It's always rewarding to have a Christian teacher. It gives me the freedom to open up more. Even if you weren't a Christian it would be a great witnessing opportunity. I hope to see you in the future, whether it be heaven first. God Rules!

Hi! It's me the weird one that sits in the back of your 6<sup>th</sup> period class. You know the one that's always either mad or hyper. Yeah you know who I am. I can tell by the look on your face. Well it was great being in your class. I actually learned how to type. Maybe I'll see ya next year.

P.S. Ditto what Christina says

Dear C.P.

This year has been great for me and you have contributed a lot to it. You are a great teacher. Thank you for all your help. I hope you have a great summer and that you will start again next year helping other kids just as good as you thought us.

C.P. Baby,  
Well were finally out, nippies & thanks for all the help & the advice. Your rad! Daniela, I'll miss you, but don't worry, I'll come back & love you. Don't forget their awesome! Love, Daniela

C.P. Thank you for always having your door open for me and my problems. You're very special to me. I'm freestylin' now. Love you ever year. Love ya always. Krazy Athena

P.S. Don't drink & drive. You might spill! Just kidding C.P.

Take care & God Bless

Hey sexy dude & I'm glad we were able  
to get to know each other. We understand each other  
however there were times when you completely  
took my intention the wrong way & we also have  
had our fights but that's okay too & you only fight  
with the ones you care about & Remember  
me and I'll remember you when I'm a  
star or a HOT SHOT psychologist &  
LOVE you

Hi your the  
greatest 6th period  
teacher I had all year.  
Thank for the award.

CX,

Well my four years are over and I am really going to miss you a lot. You have helped me through so much and I thank you for that. I have finally got my life in order in the last two years. You are one special person, the way you talk to people, your smile, and ~~how~~ much you care make you an unique person. I will be keeping in touch ~~and~~ and I will call you or write you. You will probably see me on campus a lot because of Eugene La. Thanks for everything you taught me in B-B and in life. Be ready in a couple of years to be invited to my wedding. I will never forget you and stay the way you are.

Love  
you,  
Dawn

# YEARBOOK DEDICATION:

A MEMORIAL FOR  
RAY LINDOW AND TED BOCK

The sky  
The stars  
The moon and sun  
His eternal rest has begun  
He will be happy now in every way  
He is yonder, but his spirit will stay  
We will remember him in all that we see  
The sun represents his bright personality  
The sky holds his heavenly essence  
And his eyes are that of a sparkling star  
In which we see every night so a-far  
The moon, an endless circle  
Symbolizes his heart  
Which had always offered love  
And his glowing aura will be seen  
In every passing dove  
Though we'll remember him  
Everyday the grass has dew  
Teddy Bock and Ray Lindow  
we'll still miss you.

C.P.,  
Well, I made it  
through another year.  
Only 2 more to go!  
I'll miss you over the  
summer but I'll be  
back next year so  
c-y-a then. Take care  
and God Bless!

Gosh darn, I'm really gonna miss you!!  
Thank you for EVERYTHING!! You have been a  
Special person to me since the first day of my  
freshman year. I will always remember all the advice  
you have given to me. I will be sure to use it, too! :)  
Thank you also for putting up with me. I know I get quit  
Sometimes + I shut people out - but I'm learning  
to express myself more with others!!  
I will miss you -  
May  
God  
Bless  
you +  
your family  
always!
